Colleague Connections: Triennial Council Meeting

First, take a moment to introduce yourselves to your fellow delegates. You can share your name, where you were inducted into PBK, your role in your chapter/association, etc. Then, browse through the below list of questions and decide what you would like to discuss.

General Ice Breaker Questions:

- Share a moment of success your chapter/association had over the past year.
- What is a book you have read or podcast you have listened to recently that has helped you improve the way your approach your volunteer leadership role?
- What projects is your chapter/association currently working on?
- What is the biggest challenge your association/chapter has faced that you found a solution to and what was the solution you found?
- What is something you would like to improve within your organization in the coming year?
- What can the national office do to help further your organization's efforts?

National Office Feedback Questions:

- What is one thing that the national office could do that would vastly improve your experience as a chapter officer?
- What is your most time-consuming task as a chapter officer and how do you think the national office could help?
- If the Society could provide you with resources, what would be most helpful: advocacy, marketing, or samples from other chapters?
- If we ran a quarterly webinar series to help chapter officers, what would you want the first topic to be?
